

Pro-Master Ridge Vent™

See page A5 in the Appendix for more product information.

Description	Pack Qty.	Part No.
10½" x ¾" x 20'	1 roll/ctn, 36 ctn/skid	PMRV20
10½" x ¾" x 50'	1 roll/ctn, 16 ctn/skid	PMRV50

- An economic and efficient way to ventilate your attic
- Easy to install and nail
- Nails included - both hand and power

AccuVent®

For proper airflow, an attic requires soffit vents at the eaves and a ridge vent at the roof peak. If soffits are blocked with insulation, airflow is blocked. Accuvent's help ensure proper attic ventilation by keeping soffits clear of insulation.

Description	Pack Qty.	Part No.
Soffit Insulation Baffle	50 pcs/bundle, 56 bundles/skid	ACCUVENT

- AccuVent is 22.5" x 41" and is designed for all attic applications
- Installs with just 6 staples
- Perforated to adapt for varied roof truss spacing
- Provides efficient airflow
- Quick & easy installation, reduces costs of labor
- Prevents insulation drifting
- Prevents callbacks
- 100% Recycled PVC
- Meets new state building code requirements in MA, NH & RI specifying exterior wind wash barrier
