

**Pro-Master Ridge Vent™**

See page A5 in the Appendix for more product information.

| Description     | Pack Qty.                  | Part No. |
|-----------------|----------------------------|----------|
| 10½" x ¾" x 20' | 1 roll/ctn,<br>36 ctn/skid | PMRV20   |
| 10½" x ¾" x 50' | 1 roll/ctn,<br>16 ctn/skid | PMRV50   |

- An economic and efficient way to ventilate your attic
- Easy to install and nail
- Nails included - both hand and power

**AccuVent®**

For proper airflow, an attic requires soffit vents at the eaves and a ridge vent at the roof peak. If soffits are blocked with insulation, airflow is blocked. Accuvent's help ensure proper attic ventilation by keeping soffits clear of insulation.

| Description              | Pack Qty.                         | Part No. |
|--------------------------|-----------------------------------|----------|
| Soffit Insulation Baffle | 50 pcs/bundle,<br>56 bundles/skid | ACCUVENT |

- Accuvent is 22.5" x 41" and is designed for all attic applications
- Installs with just 6 staples
- Perforated to adapt for varied roof truss spacing
- Provides efficient airflow
- Quick & easy installation, reduces costs of labor
- Prevents insulation drifting
- Prevents callbacks
- 100% Recycled PVC
- Meets new state building code requirements in MA, NH & RI specifying exterior wind wash barrier
